case study

Mercer Vale is located in Cherrywood, Ireland's newest urban neighbourhood in South Dublin. Situated at the foot of the Dublin mountains and just minutes from the sea, Mercer Vale is the heartland of active living and just moments away from the bustle of city life. Our Clima Pave Newgrange Silver Granite 3 Size Mix & Black Granite 5 Size Mix was used extensively throughout this project. Clima Pave offers an advantage over traditional paving techniques as the system is constructed using our specially engineered permeable paving block. A combination of Cobbles Silver Granite 100mm x 100mm x 80mm & Newgrange Silver Granite Flags 600mm x 400mm x 80mm was also used. UNO One Coat Render in Oyster White & Off White & Standard M4 Masonry Mortar was also used throughout the project.
